

TOP-UP TEC's MPhil/PhD SCHOLARSHIP

Objective

The objective of the Scheme is to promote early publications by awardees of TEC's full-time MPhil/PhD Scholarship.

Financial Provision

The Scheme provides for a top-up allowance of Rs 10,000 monthly as from the date of publication by awardees for the remainder of the MPhil/PhD Scholarship.

Conditions/ Criteria

- Awardees of TEC's full-time MPhil/PhD Scholarship must publish in an internationally-refereed journal within their first two years of MPhil/PhD research.
- Awardees must have been registered with a public university not more than 2 years at time of application.

Implementation Modalities

- TEC will launch call for applications in July, inviting awardees of TEC's full time MPhil/PhD Scholarship to submit publications made in internationally-refereed journals within the first two years of their MPhil/PhD studies.
- Applications should be sent through the Head of the institution.
- Selection will be carried out by the Technical Team on Research and Planning at the level of the Commission. The latter will send its recommendations to the TEC Board, for approval. All decisions taken by the Board are final.

Expected output

- (i) Improved ranking of our universities.
- (ii) Recognition by the research community.
- (iii) Increased research visibility.
- (iv) Create innovation.
- (v) Increased access to funding.
- (vi) Creation of Centre of Excellence within universities in certain thematic areas.
